

FARMIGO

FARM-TO-TUSCAN FUNDRAISER

What is Farmigo?

Farmigo is an online farmer's market, where you can shop for fresh, delicious food — vegetables, fruit, meat, seafood, eggs, dairy, breads, and more. We work to connect communities just like yours to local farms, coordinating with a network of small farmers and artisans to bring you all sorts of tasty, healthy things straight from the farm to your kitchens!

Farmigo and Tuscan Elementary School PTA

Tuscan Elementary School PTA is thrilled to be working with Farmigo this year! Not only does it mean we can provide you and your families with fresh, local food, but **10% of the money from your purchases will also go towards raising funds for the school.**
