MLK: Amazing Grace

M. L. K. : *Amazing Grace* is a powerful dramatic work written and directed by Rochel Garner Coleman. Four storytellers using minor props and costume changes become the famous and not so famous participants in the civil rights movement. Daddy King, Rosa Parks, Andy young, and Sheyanne Webb, among others, come to life as they tell of their associations with Martin Luther King, Jr. Each story is taken from real life accounts with added research to give a background to this explosive time in United States History.
