

Dear Parents,

The PTA is excited to announce that we will be utilizing the services of SchoolKidz and their Teacher Tailored School Supply Kit Program as a great alternative for parents who are looking to purchase back-to-school supplies. Ordering information will be provided soon.

This program will save you time and make back-to-school shopping less of a hassle. SchoolKidz offers brand name school supply products in their kits such as Crayola®, Fiskar's®, Elmer's®, Staples®, and more. Best of all, the kits contain items that have been requested by our teachers for each grade. You can see a sample of what one of these kits looks like below.

We believe you will find the pricing to be very reasonable and comparable to what you would spend when driving around from store to store during the back-to-school rush.

FREE bonus items
with every kit!
