

Town Hall on School Safety

Recent incidents at Columbia High School and Maplewood Middle School have understandably raised concerns about how to keep our children safe, both in our schools and in our larger community. We therefore invite parents and other community members to join members of the administration, board of education, and municipal officials to discuss:

- ⇒ Ensuring a safe and positive climate in our schools;
- ⇒ Ways to protect our children from guns and other threats of violence;
- ⇒ Supporting students in times of crisis.

We want to hear from you!
